

LAKESIDE IRRIGATION

9304 Houston Avenue -- Hanford, California 93230 -- Phone (859) 852-2222

CAL-FED HEARING
SEPTEMBER 14, 1999
VISALIA

Cal-Fed should be dismantled. It's wasting taxpayers' dollars. The Valley needs water for food and fiber. All Cal-Fed can think of is environmentalist's outlook.

If Cal-Fed wants to solve California's water problems, they need to plug off that hole in the San Francisco-Bay Delta area.
